

All Summer long

Words & Lyrics: Kid Rock

Vers 1: It was 1989 my thoughts were short my hair was long
Caught somewhere between a boy and man,
She was 17 and she was far from in-between
It was summer-time in Northern Michigan

Vers 2: Splashing through the sand-bar, talking by the camp fire,
It's the simple things in life like when and where
We didn't have no internet but man I never will forget
The way the moon light shined upon her hair

Chorus: And, we were trying different things we were smoking funny things
Making love out by the lake to our favourite song
Sipping whisky out the bottle not thinking bout tomorrow
Singing Sweet Home Alabama all summer long
Singing Sweet Home Alabama all summer long

Vers 3: Catching walleye from the dock watching the waves roll off the
rocks
She'll forever hold a spot inside my soul
We blister in the sun we couldn't wait for night to come
To hit that saving place of rock and roll

Chorus: While, we were trying different things we were smoking funny
things
Making love out by the lake to our favourite song
Sipping whisky out the bottle not thinking bout tomorrow
Singing Sweet Home Alabama all summer long
Singing Sweet Home Alabama all summer long

Vers 4: Now nothing seems as strange as when the leaves begin to
change

Or how we thought those days would never end

Sometimes I hear that song and I start to sing along

And think, Man I'd love to see that girl again

Chorus: And, we were trying different things we were smoking funny things

Making love out by the lake to our favourite song

Sipping whisky out the bottle not thinking bout tomorrow

Singing Sweet Home Alabama all summer long

Schluss: We were trying different things we were smoking funny things

Making love out by the lake to our favourite song

Sipping whisky out the bottle not thinking bout tomorrow

Singing Sweet Home Alabama all summer long

Singing Sweet Home Alabama all summer long

Singing Sweet Home Alabama all summer long

Singing Sweet Home Alabama all summer long

Singing Sweet Home Alabama all summer long
